

**Sunday 16<sup>th</sup> October 2022**

My dear brother and sisters , I hope this short reflection will bring us peace and make us realise how sacred we are in creation. Now, let us reflect a bit on the "importance of values":

Everything in creation is inherently Sacred. If it is used for a Sacred purpose. We are caretakers of sacred wealth, and to utilise everything in a spirit of compassion, in a spirit of love for God is the actual utilisation that brings us fulfilment.

Just think about a knife, if a knife is in the hands of a thief, he or she will kill someone to steal from them. The same knife is in the hands of a surgeon, he or she will save someone's life.

So everything within the world is essentially spiritual or material according to the values that we hold within our own hearts. By His Holiness Radhanath.

Have a peace filled week and may the intercession of our blessed mother Mary protect you and your families, Amen.

Yours Affectionately,  
Father Nicholas Nwanzi.
